# CAPABILITY ADVISER SET UP FOR ISO 56000 TIMES

#### THE GOALS

Establish plans for improvements Benchmark with international standards Increase the competitiveness on the market

#### Welcome to the Capability Adviser Web Assessment Portal

The Version 8.3 includes:

- Instanced processes
- · Improved assessment report with BP- and GP-Matrices
- · New and improved consolidation functionalities
- Streamlined report assessor workflow
- Progressbar and reminder functions so you never miss a rating
- · Weakness export for import into your ticket system
- API Database for Power BI
- Small bug fixes and improvements

The Capability Adviser is a web based team assessment tool, supporting Automotive SPICE® 3.1, VDA Guidelines, Cybersecurity and Functional Safety modules, as well as Hardware and Mechanic SPICE. Joint assessment and creating assessment reports has never been easier.
